

NOTICE: RATE CHANGE EFFECTIVE JANUARY 2021

Peoria stormwater utility to increase to \$5 per billing unit per month*

The stormwater utility, which funds wet weather management, is based on the amount of impervious surface area on your property. Because all properties contribute to the problem, we all need to contribute to the solution.

- The City bills the stormwater utility on a quarterly basis.
- This April bill includes three months at the 2021 rate.

*A billing unit is 1,000 square feet of impervious area.
